Look for the ACCC at Community-Wide Events!

Watch for the Arts Consortium of Carver County to be very visible this summer! We are currently making plans to have a vibrant presence at several upcoming Community Fairs and Festivals. The first will be Art on the Lake in Excelsior. This great arts event occurs on June 14th and 15th on the Lake in Excelsior. We are currently looking for volunteers who will help us supervise our tent area, talk to art-lovers about the ACCC, mingle, and introduce art to children and families. A great time is guaranteed.

River City Day Days in Chaska is up next, followed by the County Fair, Volksfest, and Nickel Dickel Days. We are looking for volunteers for each event. We look forward to working with you and seeing you at all of our local community festivals!! Think SUMMER!

Arts Consortium Website Update... ArtsofCarverCounty.org

The ACCC is nearly ready to unveil a new and updated website. You will find updated and visually stunning artist profiles, information about the organization and its committees, board profiles, membership informa-

tion, partnership opportunities and a robust arts calendar listing Carver County arts events and activities.

To that end, please start thinking about all of the events and opportunities you

would like to publicize on the county-wide arts calendar. The calendar is only as successful as the events listed therein and we will be counting on you - our members - to make the website and calendar a success!
